

Fiberglass Stackable Galley and Diner

LIGHTWEIGHT GALLEY AND DINER MODULES FOR NON-CLASSIFIED SAFE AREAS

Superior Equipment

Commercial grade stainless steel appliances.

Linked Design

Can link galley and diner for easy connection.

Enhanced Fire Protection

Fire suppression system designed to handle grease fires.

Lightweight and Stackable

Use in areas with space and weight restrictions.

Winch Truck Ready

Skid design allows for winch truck loading.

Fire Retardant Resin

Exterior walls designed with fire retardant resin.

HB Rentals' Fiberglass Galley and Diner Modules come with top shelf equipment so you can effectively feed your crew. Link the Galley and Diner to create easy access between the two. Fiberglass modules are a lightweight alternative to heavier modules. Perfect for non-classified safe area use where regulatory restrictions do not apply or have a limited footprint.

Superior Equipment

- Stainless steel appliances for cleaning and maintenance.
- Commercial equipment - reliably handles high-volume use.

Linked Galley and Diner

- Linkable design for easy connection between the Galley and Diner to mitigate exposure to outside elements.

Enhanced Fire Measures

- Fire suppression system designed to handle galley fires.

Easy Deployment

- Plug and play porches and
- Can be utilized where crane capacity limitations are present.
- Winch Truck Ready – alternative loading, transportation, and installation method.

Purpose Designed for your Project Requirements

- Flexible layouts – modify standard floor plans to your specific requirements.
- Footprint Sensitive – Save valuable deck/site space with stackable design.

- Lightweight – Modules can be utilized in sites with weight restrictions.

Option for Non-Classified Use

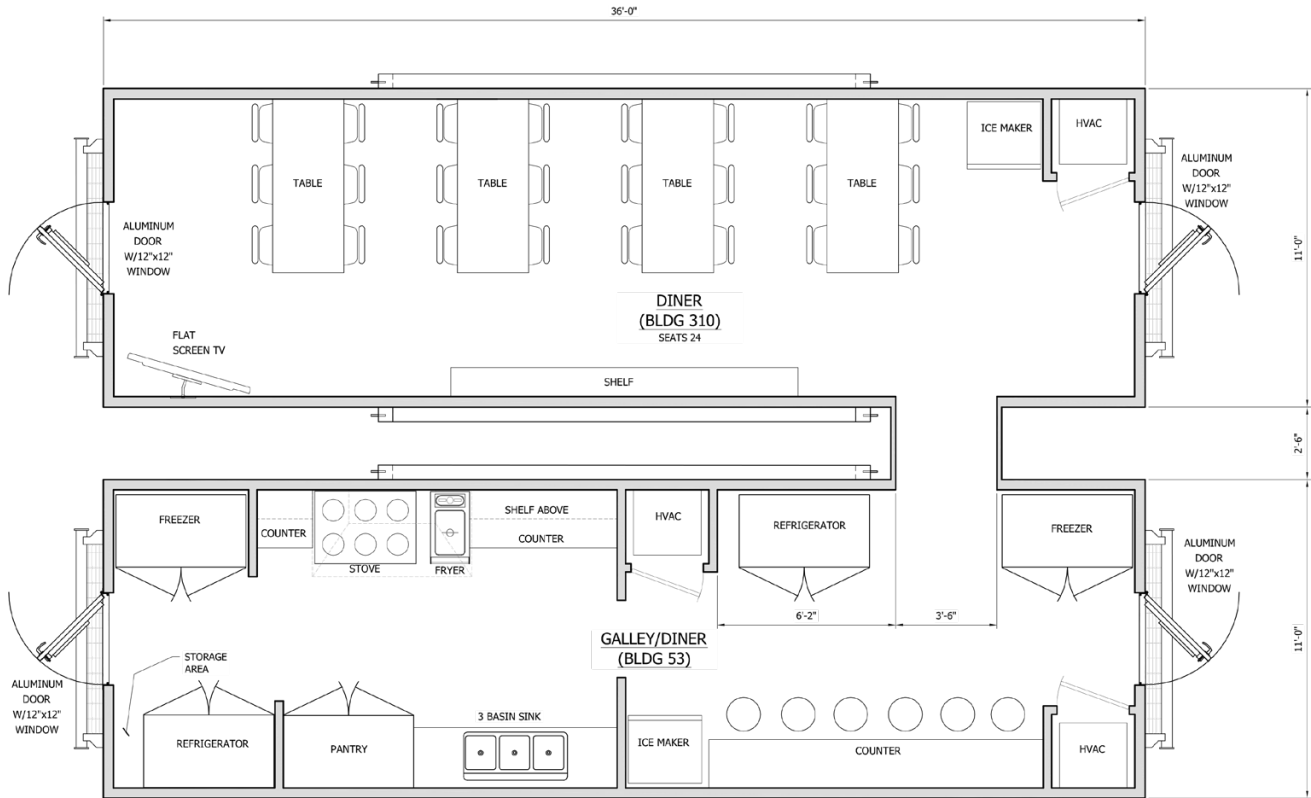

- Alternative to steel – Fiberglass modules can be utilized as an alternative on non-classified facilities.

Enhance Employee Safety

- Equipped with standard fire and gas detection.
- Exterior construction possesses a layer of fire retardant resin to mitigate risk.

Maintenance Friendly

- Central AC unit mitigates the risk of damage.
- Plug and Play AC design for easy removal and replacement – avoid incurring HVAC specialist costs.
- Vinyl composite tiled flooring for easy replacement and cleaning.

Specifications

Dimensions / Weights:

28' L x 11' W x 11'2" H – 18,000 lbs
 32' L x 11' W x 11'2" H – 19,000lbs
 36' L x 11' W x 11' H – 21,000 lbs

Structure:

Wood frame
 Fiberglass encapsulate exterior

Transportation:

Steel wide flange skid with winch
 truck hitch

Fire & Gas:

Fire detection
 Gas detection (optional)
 Fire retardant resin

Climate Control:

Central AC System

Power Supply:

3 Ph + E
 208V
 250 amp (Galley/Diner)
